

14th Annual Lawnmower Trade-in Event

8 a.m. on Saturday, May 11, 2013

Qualcomm Stadium

9449 Friars Road, San Diego, CA 92108

Requirements

- **Photo ID and proof of San Diego County residency.** These include a California Driver License or State-issued Identification Card along with a utility bill or your personal check that shows your name and residential address anywhere within the County of San Diego.
- Only one (1) lawnmower trade-in per household is allowed. It must be gasoline-powered, in proper working condition and have all appropriate parts attached. Oil and gas should be emptied from the tank prior to arrival, if possible (we will handle small residual amounts of fluids).
 - To obtain oil and gasoline recycling information you may see www.WastefreeSD.org or call:
 - Incorporated area city residents call 1-800-237-BLUE (1-800-237-2583)
 - Unincorporated area county residents call 1-877-R-1-EARTH (1-877-713-2784).
- Each lawnmower will be inspected to verify it is in working condition and eligible as a trade-in for the new electric mower. No other lawn or garden equipment is eligible for this program.
- Once a mower is traded in to the County it cannot be returned.
- Cost of the new mower is \$99.99 (including tax).
- **Payment must be in cash or by valid credit card with proper photo I.D.**

NO CHECKS ACCEPTED

Parking Information

- The event will take place at Qualcomm Stadium, 9449 Friars Rd., San Diego, CA 92108. Free parking will be available at Qualcomm Stadium in the site's northwest corner in Sections D & E. Enter via the main gate on Mission Village Drive (see the map on the reverse side).
- The gate opens at 4:30 a.m. for parking and customer line-up and the event starts at 8:00 a.m. Assistance for disabled patrons will be provided. (Overnight waiting is prohibited.)

Note to Participants

- There are only 650 lawnmowers to be distributed on a first-come first-served basis to eligible San Diego County residents who have a qualifying gasoline-powered lawnmower to trade-in.
- We suggest participants arrive earlier than the 8 a.m. start time as this is a popular event. Feel free to bring a lawn chair for your comfort while waiting in line. (The lawnmowers usually sell out in about 3 hours)
- Once you are inside the parking area you will be directed to line up with your old lawnmower and "Participant Numbers" will be handed out starting at the beginning of the line. You must remain with your lawnmower in order to receive your Participant Number. This ensures that you will get a new electric mower if you and your lawnmower both qualify as noted above.
- **IMPORTANT:** A Participant Number cannot be given to a fellow participant holding your place in line or watching your lawnmower for you. Next, at 8:00 a.m., the lawnmower trade-in process will begin and you must be present to provide identification and to trade-in your mower.

New Lawnmower Information

The lawnmower is a Black & Decker Model CM1936, 36 volt, cordless rechargeable model capable of mulching or bagging. The unit has a 2-year factory warranty (you must retain your receipt for factory service). See <http://www.blackanddecker.com/outdoor/CM1936.aspx> for mower specifications.

For more information about this event please feel free to call the San Diego County Air Pollution Control District at 858-586-2600.
